

ADI-SOFT NIP-101

Non-ionic Softener

ADI-SOFT NIP-101 is very good softener for the conventional finish of fabrics. It avoids the formation of running creases during the dyeing of piece goods.

Characteristics

- Gives softness, fullness and suppleness
- Combination with additive during resin finishes and conventional finishes possible
- Is non yellowing
- Thermo stable.

Properties

Composition	Fatty acid amide derivative in combination with non-Ionic softeners
Appearance:	White
Consistency:	Liquid
Compatibility	Compatible with Non-Ionic and Cat-ionic products
Ionic Nature	Non-Ionic
Storage stability:	ADI-SOFT NIP-101 has a shelf life of at least 12 months under normal conditions. Thermally stable.

Application

<i>Substrate:</i>	Substrate All kinds of fibers although mainly cellulosic fibers
<i>Aggregate:</i>	Padding & dyeing machines
<i>Dissolving method:</i>	Dilutable in water in any ratio
<i>Guide recipes:</i>	Exhaustion method 1.0 – 3.0% ADI-SOFT NIP-101 Padding method 20 – 40 g/l ADI-SOFT NIP-101
<i>Drying:</i>	Usually drying temperatures
<i>pH</i>	5-6
